Bulletproof InfoTech Counted Among Top Finalists for the 2009 Microsoft Worldwide Partner Conference Awards in Small Business Specialist

Red Deer, Alberta, Canada — June 24, 2009— Bulletproof InfoTech is pleased to announce our achievement in the 2009 Microsoft Worldwide Partner Conference Awards. Recognized as a finalist in the category of **Small Business Specialist**, Bulletproof is one of the Top 3 Microsoft Small Business partners across the world.

“Our commitment and focus is on the right business solution for the clients Bulletproof InfoTech serves through Central and Southern Alberta,” states Bulletproof President, Jeff Anderson. “Receiving this recognition from Microsoft demonstrates what matters the most, providing excellence in service and quality IT products. Having Microsoft as one of our strategic partners is crucial to our overall success.”

Awards will be presented in a number of categories, with winners chosen from a pool of nearly 2,000 entrants worldwide. The Small Business Specialist Partner of the Year award honours partners who used Microsoft technology in innovative ways to deploy integrated solutions that serve customers in the small- to midsize-business market segment. To qualify for this award, they must demonstrate innovative excellence and proficiency in deploying an integrated solution that leverages Microsoft technology and products scaled for small and midsize businesses.

“Partners are the key to igniting business innovation through great technology as well as helping customer drive down costs,” said Allison L. Watson, Corporate Vice President, Worldwide Partner Group, Microsoft Corp. “Congratulations to the 2009 WPC Award finalists who have demonstrated a superior level of expertise as well as a focus on delivering customer value. We look forward to seeing these partners fulfill their limitless potential as they continue to provide customers with world-class Microsoft solutions.”

The Microsoft Worldwide Partner Conference Awards recognize Microsoft partners that have developed and delivered exceptional Microsoft-based solutions over the past year.
